

### Compulsory Modules

Modulecode	Modulname	Lecturer	Lecture and seminar	Offer in SS 2020	time slot	additional remarks
mageoMaCMT - 01a - S/PE	Measuring techniques in shallow water	Winter, Christian	<del>Alkor cruise 30.04. - 4.5. &amp; 5.05. - 09.05.2020</del>	the seminar will be held digitally, <b>the cruise is canceled</b>	seminar: Thursdays, 9 -10	
mageoMaCFEM-01a - S/PE	Introduction to integrated marine sciences	Schneider, Ralph	<del>Seminar &amp; Alkor cruise 29.06. - 3.7.2020</del>	details will follow <b>the cruise is canceled</b>		
mageoMaCFEP-01a - PE	Petrological Field Exercises	Bousquet, Romain	excursion	has already happened		
mageoMaCPB-01a - L/S	Paleobiology	Kuhnt, Wolfgang	Lecture and seminar	completely offered digitally	Thursdays, 10-12	
mageoMaCSus-01a - L/S	Sustainability	Keul, Nina	Lecture and seminar	most components can be offered digitally, discussion workshop needs to be scheduled into the future	Tuesdays, 14-16	

### Compulsory Elective Modules

Modulecode	Modulname	Lecturer	Lecture and seminar	Offer in SS 2020	time slot	additional remarks
mageoMaCEAP-01- L& PE	Applied Paleobiology	Kuhnt, Wolfgang	Lecture and practical exercise	will be offered in winter term		
mageoMaCEPM-01- L& PE	Paleoclimate Modelling	Schneider, Birgit	Lecture and practical exercise	lecture offered digitally, practical exercise will be offered as a block course later	Mondays 10-12 (time might change, tbd)	Introduction to climate sciences is a prerequisite, Prof. Schneider has offered that under the current situation, students who have attended the class but not written the exam yet, can still participate
mageoMaCECT-01- L/S	Current Topics in marine Biogeosciences	Keul, Nina	Lecture and seminar	completely offered digitally	Wednesday, 14 -16	
mageoMaCEMIG-01a- L/S	Marine Igneous Geochemistry	Hoernle, Kaj	Lecture and seminar	completely offered digitally	Thursdays 13 - 16	
mageoMaCEPEM-01a- L/E	Petrological modelling	Appel, Peter	lecture and exercise	exercise will be offered digitally, lecture will be offered in winter term	Fridays, 14-15:30	
climMECARBON: Modern Aspects in Meteorology III: "Carbon Cycling in a Changing Climate		Schneider, Birgit	block course		September, 7 -11, 2020
